## About Me

I am a driven and versatile Front-End Developer transitioning into MERN Stack Development. With expertise in crafting responsive and user-centric web applications, I specialize in React, Angular, and modern UI frameworks. Passionate about building seamless user experiences, I am expanding my skills in Node.js, Express, and MongoDB to develop scalable and maintainable full-stack solutions.

## Experience

### XTROEDGE(FMTECH) 2023 - Present

Front end developer and UI Designer

#### **BALKE:** <https://balke.tech/>

Balke is designed to help businesses streamline their digital marketing efforts, providing tools for automating campaigns, analyzing performance, and driving growth more efficiently. Created using ng zoro tailwind SCSS.

#### **DARKWEB** [mtayyabbaig.github.io/dark-web/](https://mtayyabbaig.github.io/dark-web/)

Developed a sleek DarkWeb-themed website with immersive UI elements and transitions to enhance user experience.

- Implemented advanced CSS and JavaScript animations for smooth interactions and engaging visuals. Ensured responsiveness across devices for a seamless experience on mobile, tablet, and desktop.
